In view of the upcoming Olympic and Paralympic Games, which will be hosted by France in 2024, Europol and France have signed an [agreement](#) to enable Europol to support France in further strengthening security during the games. Issues covered by the agreement include:

- Increasing operational preparedness;
- Developing special channels for swift cooperation during the event;
- Enhancing strategic foresight to anticipate and confront complex situations quickly and efficiently.

Europol will deploy a special team to assist with security arrangements during the games. In addition, Europol's Operational Centre will manage the constant flow of data between Europol and its partners on a 24/7 basis, acting as the gateway for all operational information and intelligence channelled through the agency.
