News

In November 2018, OLAF hosted the annual meeting of the Anti-Fraud Communicators' Network (OAFCN). Communication experts working for anti-fraud public organisations discussed crisis communication, the importance of storytelling, and real-life communication scenarios.

The OAFCN is a European-wide network of communication officers and spokespersons from OLAF's operational partners in the Member States, such as customs, police, law enforcement agencies, prosecutors' offices, and Member States' Anti-Fraud Coordination Services (AFCOS). It is designed to communicate the threat of fraud and counter-measures to the public. It is also an important forum for awareness raising on fraud issues.
