At the beginning of May 2020^[T1], Eurojust published an updated edition of its overview on the case law of the CJEU on the *ne bis in idem* principle in criminal matters, covering 20 cases from 2003 to 15 March 2020. The update explains the different provisions regulating the principle of *ne bis in idem* and the relationship between them. It contains summaries of the CJEU's judgments and sets out the material and temporary scope of the principle and its possible limitations.
