In April 2021, Eurojust launched a [new scheme for JIT funding](#) that is applicable to urgent and/or unforeseen cross-border operational activities by Joint Investigation Teams (JITs). This funding scheme is being offered in addition to existing funding through annual calls for proposals. The “Funding without Calls for Proposal” scheme aims to provide targeted, short-term grants for activities falling outside the scope of the annual calls for proposals. Applications for these short-term grants may be submitted any-time during the year. All relevant information, application forms and budget forms can be found on the [Eurojust website on JIT funding](#).
